

The image features a dark red, textured background. Two stylized, grey masks are positioned in the center. The mask on the left is shown in profile, facing right, with its mouth open as if speaking. The mask on the right is shown from a frontal perspective, with its mouth open. Both masks have simple, curved lines for eyes and mouths. Two white ribbons with black outlines flow across the image. One ribbon is at the top, curving around the masks, and contains the year '1991'. The other ribbon is at the bottom, also curving around the masks, and contains the word 'HERALD'.

Class of 1991
HERALD

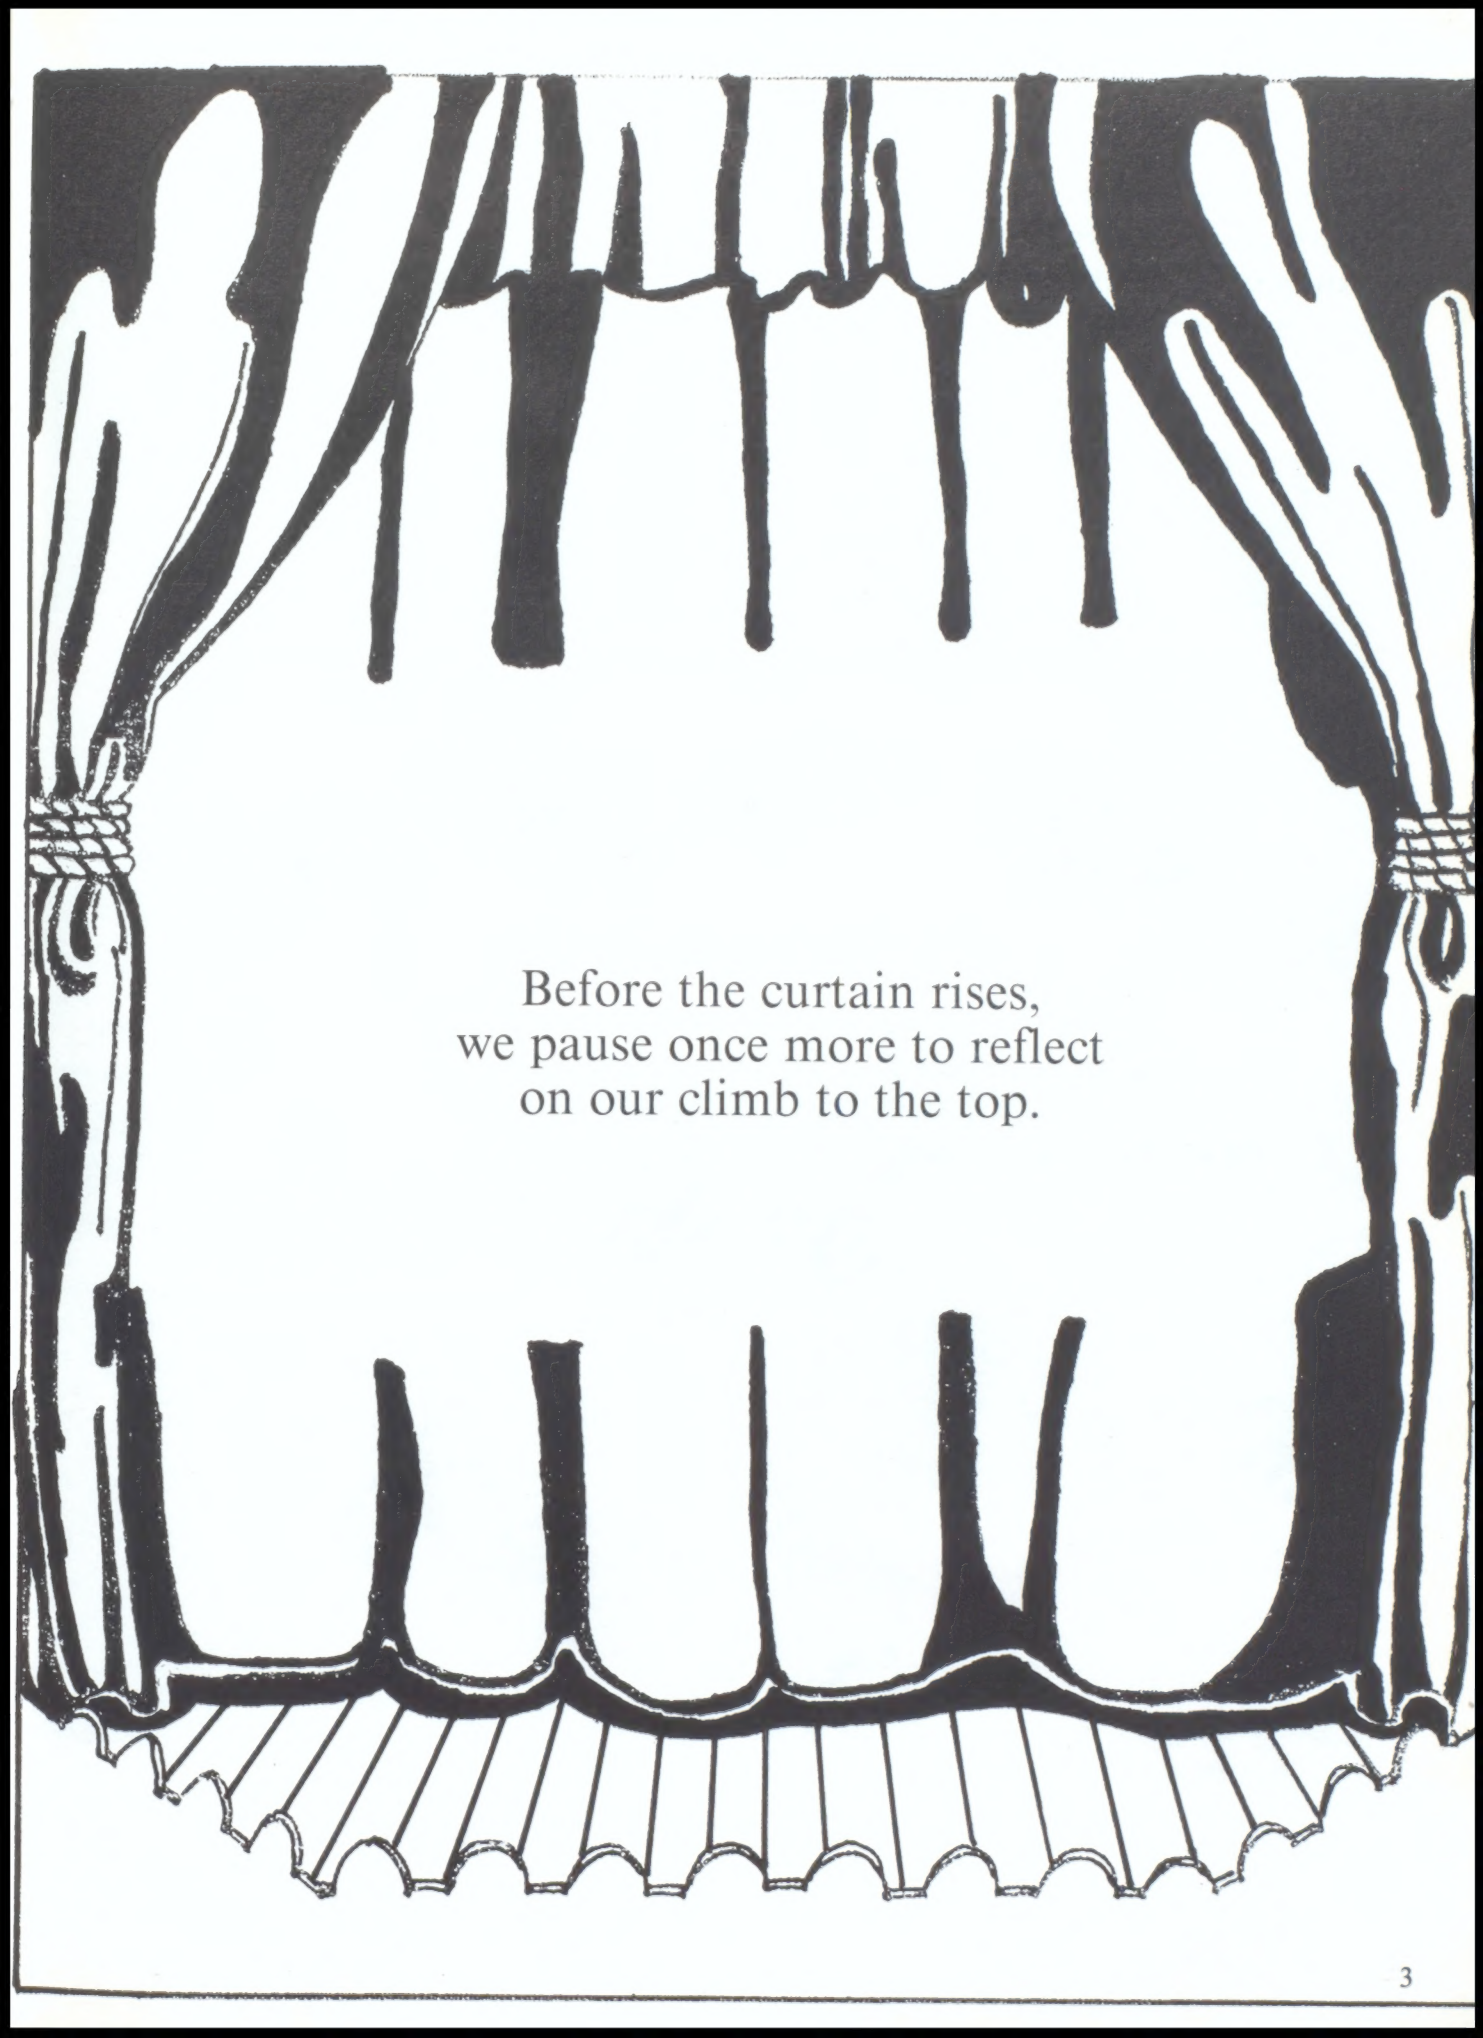

The Windsor Locks High School Class of 1991 would like to dedicate the '91 *Herald* to Mrs. Sandra Ferrari, a former math teacher at the school, and a friend to many of the seniors.

Mrs. Ferrari taught her students with patience and understanding and treated everyone here at W.L.H.S. with kindness.

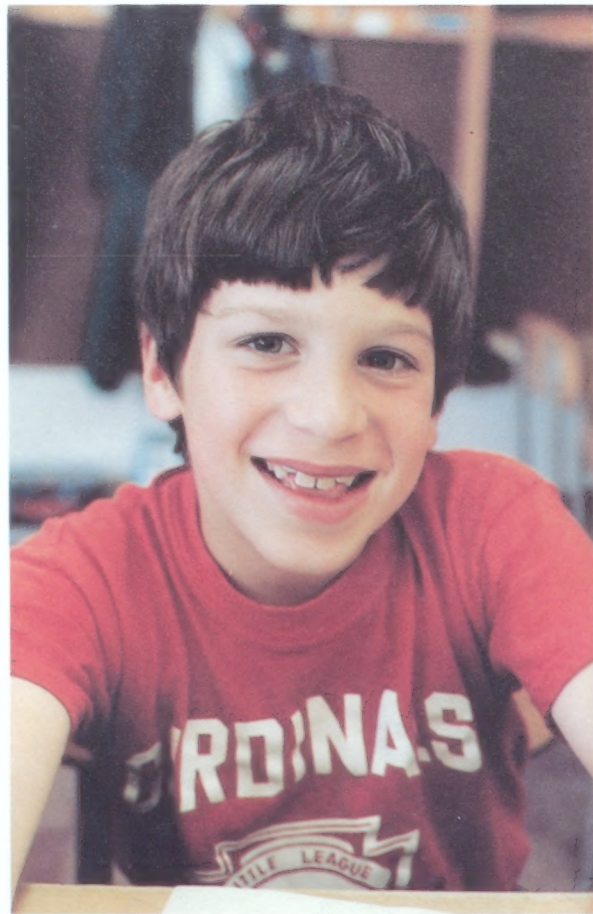

We would like to thank Mrs. Ferrari for her contributions to our school and to our lives, and to wish her the best of luck in the future.

Before the curtain rises,
we pause once more to reflect
on our climb to the top.

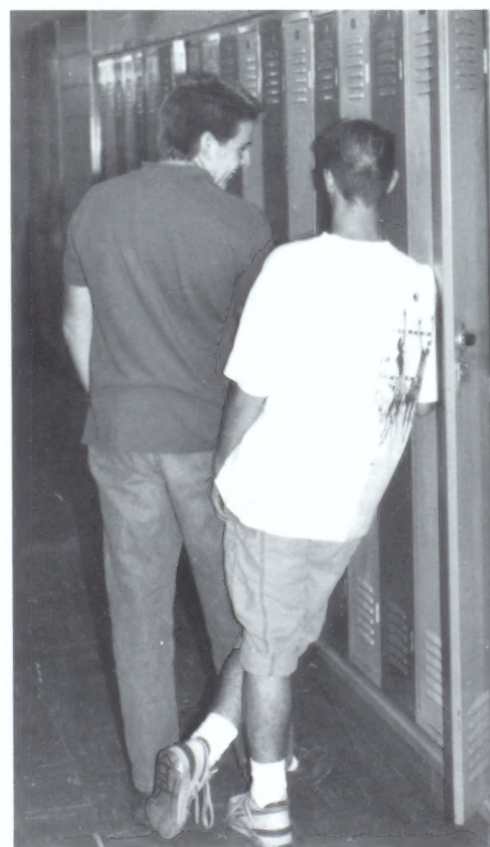

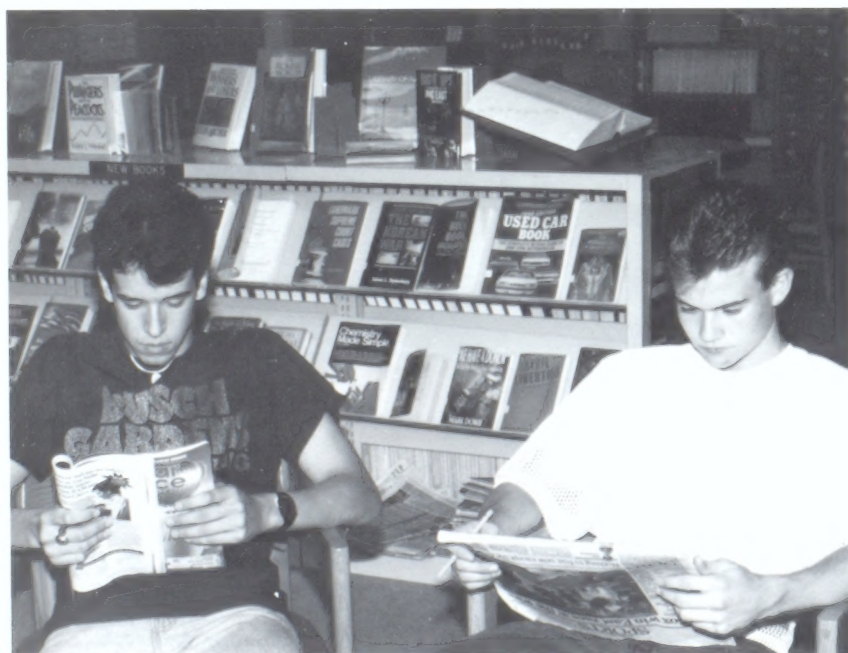

When we began our careers as fresh amateurs, our parts were small, but vital, and though we had little skill, our dreams for stardom were big.

The directors and more experienced actors around us taught us the ropes, and their faith in our capabilities gave us the strength to strive for perfection.

Soon the time for the main event was upon us, and the nervous anticipation we felt just before the curtain rose ended as we walked onto the stage.

Now prepare for a premier showing of today's stars,
the W.L.H.S. Class of '91.

As the rehearsals come to an end, we face the fear and anticipation of how we will perform in the big show. We give our thanks to the many directors, whose instruction helped us recognize the extent of our abilities. The parts were demanding and they tested our talent. Sometimes we were discouraged, but we rehearsed and overcame any doubts we might have had and gave the best performance we possibly could.

Each of us searched for our own individual roles and found motivation in different ways. When all else seemed to fail, we could rest assured that together we could surpass even our expectations. Now as the curtain is about to open we are drawn together in a close sense of unity. For one final performance our audience is assembled to show their support and to bid one last farewell.

This is the one moment in the spotlight we have been waiting for. Good luck and congratulations to the Class of 1991!

The play of Locks defenders is one of the better things that is happening for the Raiders. Laurie Gaylord, Kathi Montemerlo and Stacey Staves have been playing "outstanding soccer from Day 1," McNamara said. "They've been stalwart."
